

A close-up photograph of several large, green leaves with prominent veins. The leaves have a slightly serrated edge and are covered with numerous small, white, circular spots, likely due to insect damage or a fungal infection. The edges of the leaves are tinged with a reddish-brown color. The background is dark and out of focus.

**Psalms 143:07 Hear me speedily, O  
LORD: my spirit faileth: hide not  
thy face from me, lest I be like  
unto them that go down into the  
pit.**
