

**John 18:27 Peter then denied again:
and immediately the cock crew.**

A close-up, top-down view of a large number of aster flowers. The flowers are in various shades of purple, from light lavender to deep magenta, and some are a pale blue. They have many small, pointed petals radiating from a central yellowish-brown core. The flowers are packed closely together, with some green leaves visible between them. The background is dark, making the colors of the flowers stand out.
