

John 20:20 And when he had so
said, he showed unto them his
hands and his side. Then were the
disciples glad, when they saw the
Lord.

An aerial photograph of a salt flat, likely the Bonneville Basin in Utah. The foreground shows a calm body of water reflecting the sky and the salt flat above. The salt flat itself is a vast, flat expanse of white and light-colored mineral deposits, with some darker patches and textures. The background is a clear, bright blue sky.
