

2nd Kings 19:18 And have cast their gods into the fire: for they were no gods, but the work of men's hands, wood and stone: therefore they have destroyed them.

A close-up photograph of two vibrant orange butterflies with dark markings on their wings, perched on a textured, greyish-brown rock. The butterflies are positioned diagonally across the frame, with one slightly ahead of the other. The background is softly blurred, showing more of the rock and some green foliage in the upper right corner. The lighting is natural, highlighting the texture of the rock and the delicate structure of the butterflies' wings.
