

A close-up photograph of water splashing onto a dark, reflective surface. The water droplets are in various stages of impact, creating ripples and bubbles. In the bottom left corner, there are some green leaves, possibly from a plant, partially submerged in the water. The overall scene is dynamic and captures the moment of water hitting a solid surface.

Psalm 72:16 There shall be an
handful of corn in the earth upon
the top of the mountains; the fruit
thereof shall shake like Lebanon:
and they of the city shall flourish
like grass of the earth.
